3. Mr. Hogan of the Hoover Commission telephoned to inquire whether or not CIA had warehouse space which should be considered in a report being compiled by him. Investigation indicates that all of our space has been reported either

4. Conducted the usual weekly DD/A Staff Meeting at which time concurrence was obtained on the "in casual - out casual" paper.

5. [REDACTED] discussed with me his proposal to invite the Criminal Division of the Department of Justice to inspect our files concerning the case of [REDACTED]. He also told me, however, that [REDACTED] was very strongly opposed to this point of view and suggested that perhaps I would like to hear Joe's side of the story. I told him that as a matter of principle I agreed that if the Department of Justice felt we were holding out on them we should invite them to inspect our files; however, I stated that I would want to make sure that the files were very thoroughly policed to insure that they did not get into any of our dirty linen which was none of their business. Told him to look into this further and discuss it with me. H

6. Lunched with Mr. Dulles, Mr. Carey, Mr. Kirkpatrick, and General Christiansen, Colonels Herman Lane and Eugene Miller, and John Dubbelde, Jr. of the Mark Clark Committee. I got a definite impression that the Committee does not have a very clear-cut idea as to just how to proceed and we were encouraged to lay our problems before them. Mr. Dulles thoroughly discussed the need for a new building which I think needs no more emphasis. General Christiansen indi- H

cated that General Clark felt rather strongly that he must satisfy himself with regard to our covert activities and that he could not accept the Doolittle report in this regard without personal verification. Mr. Dulles said that while he had no personal objection to this he thought that the President rather regarded our covert activities as his personal business and not that of the legislative branch of the Government and suggested that he and General Clark sit down and talk to the President about the matter.

7. Shef Edwards telephoned to say that even though he had denied the Clark Committee representatives permission to take top secret material back to their offices he felt that it was necessary to put a guard over there twenty-four hours a day starting on 22 October. I approved.

8. At the Deputies' Meeting it was announced that [REDACTED] was coming to see the Director on 4 November and that it was possible he would be asked to accept a position in [REDACTED] as our Senior Representative there.

DEPUTIES' MEETING

Thursday, 21 October 1954

PRESENT: Mr. Dulles, General Cabell, Messrs. Wisner, Amery,
Colonel White, Messrs. Kirkpatrick, [REDACTED]
Sheldon and [REDACTED]

~~25X1A9a~~
25X1A9a

Mr. Dulles:

a. Noted that [REDACTED] is coming in to see him on 4 November respecting his rejoining the Agency, and stated he was inclined to offer him the Senior Representative Post in [REDACTED] however, if there were any other ideas he would like to have them prior to the above date. The Director made it clear if [REDACTED] does return he would have to do so with the agreement that he would remain for at least two years.

b. Stated he was concerned over the fact that in some instances sensitive and/or delicate operations are carried out at lower levels without being brought to the attention of the appropriate Deputy, DDCI and the DCI. Mr. Dulles said a case

General Cabell:

Raised the question of an award for Ambassador Peurifoy and stated since it was impossible to give him the Legion of Merit, it was recommended that he be awarded the Distinguished CIA Medal. General Cabell pointed out this had been checked with our Awards and Decorations Board which had agreed that the latter award could appropriately be given to Peurifoy.

After some discussion the Director stated he would like to give this matter further consideration since he was not sure it was wise to establish the practice of awarding CIA medals to officers of other Services.

Mr. Amory:

Noted a briefing for Governor Stassen would be held on Monday, 15 November, from 2:00 to 4:00 p.m., and that Governor Stassen would also lunch with us on that day. The Director indicated he would attend the luncheon and a part of the briefing.

Col. White:

Reported it was necessary, in view of the Government-wide change in overtime pay, to change our regulations accordingly, and recommended that GS-10's and below actually be paid for overtime, and 11's and above be allowed to elect either to receive overtime pay or compensatory time off. Colonel White also pointed out that this change in our regulations had been concurred in by all concerned. [REDACTED] said he had not seen it and since DD/P experienced a good deal of difficulty in allowing its senior officers compensatory time, asked to see the regulation before it is published. The Director approved.
